

K-Love radio is a huge encouragement to my family & I. Offering positive counsel and uplifting music for the family.

In my community it is great to be able to listen to great lyrics with no bad language, no sexual messages, just uplifting songs for my kids.

If this station is replaced by another entity I believe that the good positive moral influence we get daily would be lost for our community.

Please keep this on the air for us, it is so important to our community as a whole.

Thank you
